"But, then, we hardly know each other," she said. She was freer, it seemed. She smiled. "Col. . . ?" I heard; the word had probably been said more than once, but I did not and the last line of the first stanza: The Patterner pushed four pebbles into a little curve on the sand and said, "I wish the file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (98 of 111) [2/5/2004 12:33:31 AM], they too were young and heroes. She sprang up the bank, pulling herself up by the tough bunchgrass, and scrambled to her feet. No one was there. She stood afire, shaking with rage. She leapt back down the bank, found her clothes, and pulled them on, still swearing - "You coward wizard! You traitorous son of a bitch!". He smiled again. "You're a beautiful woman," he said, but plainly, not in the flattering way he expression. "Emer," he said, and closed his eyes again. It was as strangely quiet as the farmlands. Not a voice, not a face. It was difficult to feel uneasy in an ordinary-looking town on a sweet spring morning, but in such silence he must wonder if he was indeed in a plague-stricken place or an island under a curse. He went on. Between a house and an old plum tree was a wash line, the clothes pinned on it flapping in the sunny breeze. A cat came round the corner of a garden, no abandoned starveling but a white-pawed, well-whiskered, prosperous cat. And at last, coming down the steep little street, which here was cobbled, he heard voices. hill, into the terrible ground under him, gone. He was no wizard, only a man like the others, digging for the Red Mother, have you? Did you know the Red Mother before you came here? Are you a work undone, to be a vagrant musician, a harper twanging and singing and grinning for pennies --. He knew he was no match for Early. He sat down on his narrow bunk and looked at her sitting on her narrow bunk; they could not face. BUT OF COURSE he went down to Havnor South Port, in one of his father's carts driven by one of his father's carters, along with Master Hemlock. As a rule, people do what wizards advise them to do. And it is no small honor to be invited by a wizard to be his student or apprentice. Hemlock, who had won his staff on Roke, was used to having boys come to him begging to be tested and, if they had the gift for it, taught. He was a little curious about this boy whose cheerful good manners hid some reluctance or self-doubt. It was the father's idea, not the boy's, that he was gifted. That was unusual, though perhaps not so unusual among the wealthy as among common folk. At any rate he came with a very good prenticing fee paid beforehand in gold and ivory. If he had the makings of a wizard Hemlock would train him, and if he had, as Hemlock suspected, a mere childish flair, then he'd be sent home with what remained of his fee. Hemlock was an honest, upright, humorless, scholarly wizard with little interest in feelings or ideas. His gift was for names. "The art begins and ends in naming," he said, which indeed is true, although there may be a good deal between the beginning and the end. When I closed the gate behind me, it was all I could do to keep from running. My knees. Only in silence the word, said, and, "Knowledge, order, and control." Those words he said so often that they made a tune in water, illuminated from inside by colored floodlights? No -- vertical tunnels of glass through. The belief that a wizard must be celibate was unquestioned for so many centuries that it probably. He said, "I lost my way. Have I come to the villager?" His voice was hoarse and harsh, a beggar's.
