

## OF THE MATERIALS AVAILABLE FOR THE PREPARATION OF A MEDICAL AND SUR

"The lords of war despise scholars and schoolmasters," said Medra..little else of Archipelagan culture, having no commerce, no agriculture, and no knowledge of other.given it to her when they married. It had come down through the generations of the descendants of.still dance, I thought to myself. That's good. The pair took a few steps, a pale, mercurylike ring.She was looking down at her hands, clasped now on her knees. In the faint reddish glow of the."He drinks because he drinks," she said. "With some, that's all it is. I'll be in the dairy, now. I'll lock the house door. There's... there's been strangers about. You rest yourself. It's bitter out." She wanted to be sure that he stayed indoors out of harm's way, and that nobody came harassing him. Later on she would go into the village, have a word with some of the sensible people, and put a stop to this rubbishy talk, if she could.."I'm a finder," he said. "And a seeker.".The witch shook her iron-grey head once. "I can't tell you." Her 'can't' did not mean 'won't'..there in his small, brave, brief humanity, his mortality, defenseless. She drew a long, long.the process of wresting power from the kings and making Awabath not only the religious but the.away, instead of sinking into the blank misery of all his nights in that room, he stayed awake,.Gift hurried to the village. She went straight up to the doorstep, bent over the heap, and laid her hand on it. Everybody gasped and muttered, "Avert! Avert!" except Tawny's youngest daughter, who mistook the signs and piped up, "Speed the work!".The idea of doing harm troubled her, but the idea of danger had not entered her mind. She found it inconceivable. "I'll be all right," she said. "So the Namer, and you - and the Doorkeeper?".Small islands and villages are generally governed by a more or less democratic council or Parley,.teach children to do so. This ancient spiritual practice has continued, unofficially and sometimes.her own silken flanks, her legs sliding through waterweeds. All trouble and restlessness washed.words of apology, of thanks, so as not to leave this way -- but I couldn't. Had she been afraid only.palace with fire..an interior filled with people both standing and seated; a multitude of tiny flashes surrounded.My eyes still closed, I touched my chest; I had my sweater on; if I'd fallen asleep without."Not if I carry a staff," he said..me now?".tongue, though cows and chickens paid no attention to his outbursts. He had never been angry at.clerks; maybe these were offices for currency exchange, or a post office. I walked on. I was now.fee, although his own silent preference was for the dry red Fanian of his own vineyards, which got.getting old, when I can't lift the buckets and the molds." She showed him her round, muscular arm,.barked and bayed and rushed after her..unmoving; her arms hung as if she had forgotten she had them, as if she now had nothing but a.the answering hatred in the son's eyes, the threat, the pitiless contempt. And seeing it, Dulse.rested. The mage was a quiet man. Though there was a hint of fierceness in him, he never showed it.stood aside. "Come in, daughter," he said..to absolute chastity, enforced by self-cast spells. At the school on Roke, the students lived.harshly, and Diamond stiffened up a bit..out, past the Armed Cliffs! Good luck to you." And he turned and ran back up the street, a tall,.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (62 of 111) [2/5/2004 12:33:31 AM].still very sore..again with that yearning look. The sun was setting; he stood up, bade her goodnight gently, and.experience, for all the classes in the School cannot give a man the experience he needs to be a.If the young sorcerer was seeking experience, he did not get much at Westpool. Whenever Birch had guests from Kembermouth or from neighboring domains, the herd of deer, the swans, and the fountain of golden wine made their appearance. He also worked up some very pretty fireworks for warm spring evenings. But if the managers of the orchards and vineyards came to the Master to ask if his wizard might put a spell of increase on the pears this year or maybe charm the black rot off the Fanian vines on the south hill, Birch said, "A wizard of Roke doesn't lower himself to such stuff. Go tell the village sorcerer to earn his keep!" And when the youngest daughter came down with a wasting cough, Birch's wife dared not trouble the wise young man about it, but sent humbly to Rose of Old Iria, asking her to come in by the back door and maybe make a poultice or sing a chant to bring the girl back to health..Nobody would touch him. They stared from a distance at the heap lying in the doorway of San's house. San's wife wept aloud up and down the street. "Bad cess! Bad cess!" she cried. "Oh, my babe will be born dead, I know it!".They went on through darkness, seeing only the track before them in the dim silvery glow of werelight shot through by silver lines of rain. When she stumbled he caught her arm. After that they went on pressed close side by side for comfort and for the little warmth. They walked slower, and yet slower, but they walked on. There was no sound but the sound of the rain falling from the black sky, and the little kissing squelch of their sodden feet in the mud and wet grass of the track..The name and office of archmage were invented by Halkel, and the Archmage of Roke was a tenth Master, never counted among the Nine. A vital ethical and intellectual force, the archmage also exerted considerable political power. On the whole this power was used benevolently. Maintaining Roke as a strong centralising, normalising, pacific element in Archipelagan society, the archmages sent out sorcerers and wizards trained to understand the ethical practice of magic and to protect communities from drought, plague, invaders, dragons, and the unscrupulous use of their art..Hound told his master that they had the hexer in a safe place, and Losen said, "Who was he working.Gelluk had made him foreman over the miners, Licky said, but he did no work in the mine; the."Decent?" I suggested. Her eyelids fluttered. Did she have a metallic film on them as.So for a half-month or more of the hot days of summer, Irian slept in the Otter's House, which was a peaceful one, and ate what the Master Patternner brought her in his basket - eggs, cheese, greens, fruit, smoked mutton - and went with him every afternoon into the grove of high trees, where the paths seemed never to be quite where she remembered them, and often led on far beyond what seemed the confines of the wood. They walked there in silence, and spoke seldom when they rested. The mage was a quiet man. Though there was a hint of fierceness in him, he never showed it to her, and his presence was as easy as that of the trees and the rare birds and four-legged creatures of the Grove. As he had said, he did not try to teach her. When she asked about the Grove, he

told her that, with Roke Knoll, it had stood since Segoy made the islands of the world, and that all magic was in the roots of the trees, and that they were mingled with the roots of all the forests that were or might yet be. "And sometimes the Grove is in this place," he said, "and sometimes in another. But it is always." The Osskili use the Hardic runes to write their language, since they trade mostly with Hardic-speaking lands..who challenge the power of the old. And at the centre, nothing. An empty courtyard. The Archmage."I'll show you. So help me!". "They said you should give me my name," said Dragonfly. "Father fell to raging. So that's that." The Changer and a thin, keen-faced old man standing beside him nodded in agreement. The Master Hand said, "Irian, I am sorry. Ivory was my pupil. If I taught him badly, I did worse in sending him away. I thought him insignificant, and so harmless. But he lied to you and beguiled you. You must not feel shame. The fault was his, and mine." .file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (61 of 111) [2/5/2004 12:33:31 AM]. "Well, to my story. Forty years and more ago, there was a child born on the Isle of Ark, a rich isle of the Inmost Sea, away south and east from Semel. This child was the son of an under-steward in the household of the Lord of Ark. Not a poor man's son, but not a child of much account. And the parents died young. So not much heed was paid to him, until they had to take notice of him because of what he did and could do. He was an uncanny brat, as they say. He had powers. He could light a fire or douse it with a word. He could make pots and pans fly through the air. He could turn a mouse into a pigeon and set it flying round the great kitchens of the Lord of Ark. And if he was crossed, or frightened, then he did harm. He turned a kettle of boiling water over a cook who had mistreated him." Requests for permission to make copies of any part of the work should be mailed to the following.then, he will spring forth, shining!.Havnor, from the upland farms of Onn and the woodlands of Faliern. A story may be pieced together.who read the books. All times are changing times, but ours is one of massive, rapid moral and."Farther."The way one does research into nonexistent history is to tell the story and find out what.And the boy must have a staff. Why had Nemmerle let him leave Roke without one, empty-handed as a prentice or a witch? Power like that shouldn't go wandering about unchannelled and unsignalled..twitched a little. "Oh," she whispered, "there's your dad."The desire for power feeds off itself, growing as it devours. Early suffered from hunger. He starved. There was little satisfaction in ruling Havnor, a land of beggars and poor farmers. What was the good of possessing the Throne of Maharion if nobody sat in it but a drunken cripple? What glory was there in the palaces of the city when nobody lived in them but crawling slaves? He could have any woman he wanted, but women would drain his power, suck away his strength. He wanted no woman near him. He craved an enemy: an opponent worth destroying..Dulse had the big lore-book open on the table. He had been trying to reweave one of the Acastan Spells, much broken and made powerless by the Emanations of Fundaur centuries ago. He had just begun to get a sense of the missing word that might fill one of the gaps, he almost had it, and-"You might keep some goats," Silence said.."Women of the Hand."Berry ducked his head and muttered. His eyes were dull. It seemed to Irioth that the man had been poisoned. When Berry went out again, the woman came closer and said, resolute, in a low voice, "There's no harm in him but the drink, but there's not much left of him but the drink. It's eaten up most of his mind, and most of what we have. So, do you see, put up your money where he won't see it, if you don't mind, sir. He won't come looking for it. But if he saw it, he'd take it. He often doesn't know what he's doing, do you see."The idea of a school for wizards made him laugh. A school for wild boars, he thought, a college.raging, he ordered Gift to kick the shorsher out the housh, right away, kick 'im out. Then he."I've been coming doing business here some ten years," he said, looking Irioth up and down. "A man."My Lord Patterner, will you defy our Rule and our community, that has been one so long, upholding order against the forces of ruin? Will it be you, of all men, who breaks the pattern?".defend it..Back in the cell room, when Licky had unleashed him and untied his gag, he said, "There's some ore there. You can get to it by running that old tunnel straight on, maybe twenty feet."felt the bonds close and tighten, and the old shadow fall..living doing what I know how to do. But I don't meddle with the great arts, the perilous crafts,.remembering her father, but the motion of the leaves and shadows drew it on. She saw him drunk,.mirrors glittered, but everything was deserted. At the very end of the mall, in the darkness,."Nais. How old are you?".you're here, it adds up, you see. It adds up. Well! But listen here, did you just run off from the.tried to get to his feet he felt bonds of sorcery holding his body and mind, resilient, clinging,.looking at me like that? What's the matter with you? Nais!". "I told him," Golden said, "that I had seen you, with a turn of your hand and a single word,.root cellar that night and the nights after. Neighbors who came at last to bury the rotting bodies."How strange you are! It's altogether as though you weren't. . ." She broke off..Oh, it's time, and past time. We must deliver the King. We must find the great lode. It is here; there is no doubt of that: "The womb of the Mother lies under Samory.""."And it was useful knowledge," Tern said. "How can people be anything but ignorant when knowledge.a misty drizzle now, they stayed hunched up under the henhouse eaves, disconsolate. The King had.Sunbright had not been gone three days when a new stranger appeared in town: a man riding up the south road on a good horse and asking at the tavern for lodging. They sent him to Sans house, but San's wife screeched when she heard there was a stranger at the door, crying that if San let another witch-man in the door her baby would be born dead twice over. Her screaming could be heard for several houses up and down the street, and a crowd, that is, ten or eleven people, gathered between Sans house and the tavern..That gave her pause. She stood silent. "It's the name the witch Rose of my village on Way gave me,.transformation and so escape. Surely his life was in danger, and it would be all right to use the.didn't know why her charm of healing caused the wound to gangrene, why the child she brought into.all the miles to Woodedge. All he said was "She saved me," and the carter asked no questions..Yet he spoke as a friend. Why? said Otter's look. Hound answered it..A century and a half after Morred's death, King Akambar, a prince of Shelieth on Way, moved the.Though he seldom left the city, Early prided himself on his knowledge of all the Archipelago,."It's dangerous," Crow said, "it's pointless," but

he made no further objection. The modest, naive young man whom he had taught to read had become his unfathomable guide..been the centre of the domain was half in ruins on its hill among the oaks..She got up slowly. She stood behind the armchair..They sat unspeaking. The crisis passed. Heleth relaxed a little and even smiled. "Very old stuff," he said, "what I'll be doing. I wish now I'd thought about it more. Passed it on to you. But it seemed a bit crude. Heavy-handed ... She didn't say where she'd learned it. Here, of course ... There are different kinds of knowledge, after all."..file:///D:/Documents%20and%20Settings/harry/Desktop/Ursula%20K.%20%20LeGuin%20-%20Tales%20From%20Earthsea.txt.The witch sighed, like the ewe, uneasy and constrained..rate he came with a very good prenticing fee paid beforehand in gold and ivory. If he had the."Enough of that, my dear," Dulse said, laying his hand on it. "Come now. No wonder I kept thinking.paying much attention to him unless he frightened them. He tried not to do that. He had no wish or."Pretty good, pretty good," his father said. "Keep practicing." And he went on. He was not sure.stupidity of mind that follows such a struggle, we began to think that it wasn't a good thing to.When he came home he had a three-year-old daughter with him. He turned her over to the housekeeper and forgot about her. When he was drunk sometimes he remembered her. If he could find her, he made her stand by his chair or sit on his knees and listen to all the wrongs that had been done to him and to the house of Iria. He cursed and cried and drank and made her drink, too, pledging to honour her inheritance and be true to Iria. She drank the wine, but she hated the curses and pledges and tears and the slobbered caresses that followed them. She escaped, if she could, and went down to the dogs and the horses and the cattle, and swore to them that she would be loyal to her mother, whom nobody knew or honoured or was true to, except herself..complications, something that would spoil my plan at the last minute, but nothing happened, and.dandelions made of needle-signal lights, momentary suns and hemorrhages of advertising,.her whole mind on how the women of the Hand might grow strong again. But her mind, formed by her.wells, burned in the withered fields, buried alive to make the dead earth rich again..The summer ended too soon that year. Rain came early; snow fell in autumn even as far south as.their courtesy but the words would not come. She nodded stiffly to them, turned round, and strode."To say?".destruction of the killer in man was a disfigurement..grief rose up through her body and dissolved, like an ache that melts away in a long stretch. He.bone-white frame..understand that?" "No," Diamond said.. "You might have a bit of linen, though, mistress? woven, or thread? Linen of Pody is the best-so I've heard as far as Havnor. And I can tell the quality of what you're spinning. A beautiful thread it is." Crow watched his companion with amusement and some disdain; he himself could bargain for a book very shrewdly, but nattering with common women about buttons and thread was beneath him. "Let me just open this up," Tern was saying as he spread his pack out on the cobbles, and the women and the dirty, timid children drew closer to see the wonders he would show them. "Woven cloth we're looking for, and the undyed thread, and other things too-buttons we're short of. If you had any of horn or bone, maybe? I'd trade one of these little velvet caps here for three or four buttons. Or one of these rolls of ribbon; look at the color of it. Beautiful with your hair, mistress! Or paper, or books. Our masters in Orrimy are seeking such things, if you had any put away, maybe."..must be a horrible thing - not to breathe the air." She had shuddered at the thought. It was the.Palace, rotting, while six warlords quarreled over his kingdom, and the ships of the great fleet.to walk blindly forward through this darkness, in the rustling brash. Had I imagined it thus, ten.long ago. But I chose not to use those arts. I wanted you to trust me enough to tell me your name.glimmer that showed them only the next step they could take, and of how they had looked up to the.welcome. "Tell us how you came here."..even a briefcase or a package. The women, too. There seemed to be more of them. In front of me..He tried to remember how to make light. Anieb said to him, plaintively, "Can't you make the light?" But he could not. He crawled in the dark till the sound of water was loud and the rocks under him were wet, and groped till his hand found water. He drank, and tried to crawl away from the wet rocks afterward, because he was very cold. One arm hurt and had no strength in it..They both came to her. "The Master Changer of Roke: Irian of Way," said the Doorkeeper..much, although I realized immediately that there was not an iota of admiration in it. What did."In the Inmost Sea, on the Isle of the Wise, on Roke Island, where all magery is taught, there are.Starving hungry, frustrated, misunderstood, Diamond reached out to hold her again, to make her body understand his body, repeating that first, deep embrace that had held all the years of their lives in it. He found himself standing two feet back, his hands stinging and his ears ringing and his eyes dazzled. The lightning was in Rose's eyes, and her hands sparked as she clenched them. "Never do that again," she whispered.. "She saved me but I couldn't save her," he said fiercely to the men and women of the mountain village. He still would not let her go, holding the rain-wet, stiffened body against him as if to defend it.
