

## THE ENGINEERING DIGEST VOL 3 JANUARY JUNE 1908

This will end badly, I thought. I was defenseless, and the lions were as alive, as authentic. "Taking me there?" "I'd always counted on your going into the family business," Golden said. His tone was neutral. He still stood there, and she said, "Look at the peaches! They're all ripe. We'll have to eat them right away." "Aha. Well, in a sense -- yes. But you can undress on the beach." "Learn your place, woman," the mage said with cold passion. Ivory departed. He did not return for two days. On the third day he rode experimentally past Old Iria, and she came striding down to meet him. "I'm sorry, Ivory," she said, looking up at him with her smoky orange eyes. "I don't know what came over me the other day. I was angry. But not at you. I beg your pardon." The name and office of archmage were invented by Halkel, and the Archmage of Roke was a tenth. Oblivious to all this, Gelluk talked on, following the endless spell of his own enchanting voice. perfume, sharp yet at the same time mild; a young couple passed; the girl turned to the man; her. Maybe he hoped she would come, but she did not come, and he soon slept in sheer weariness. He woke in the first, cold light. He sat up and thought. He looked at life in that cold light. It was a different matter from what he had believed it. He went down to the stream in which he had been named. He drank, washed his hands and face, made himself look as decent as he could, and went up through the town to the fine house at the high end, his father's house. "Dragons have been seen flying above the Inmost Sea. Roke has no Archmage, and the islands no true-crowned king. There is real work to do," the Summoner said, and his voice too was like stone, cold and heavy. "When will we do it?" to O Port. Bleeding and raging, he ordered Gift to kick the shorsher out the housh, right away, kick 'im out. Then he vomited into the ashes and fell asleep on the hearth. She hauled him onto his pallet, pulled his shoes off his feet, and left him sleeping. She went to look at the other one. He looked feverish, and she put her hand on his forehead. He opened his eyes, looking straight into hers without expression. "Emer," he said, and closed his eyes again. "Probably not," the wizard

With him were a violist, a tabor-player, and Rose, who played fife. Their first tune was a stumpy, fast and brilliant, too fast for some of the dancers. Diamond and his partner stayed in, and people cheered and clapped them when they finished the dance, sweating and panting. "Beer!" Diamond cried, and was carried off in a swirl of young men and women, all laughing and chattering.. "I was new at the business of being Archmage then. And younger than the man we fought, and maybe. The Hand, a loose-knit league or community concerned principally with the understanding and the ethical use and teaching of magic, was established by men and women on Roke Island about a hundred and fifty years after Maharion's death. Perceiving the Hand as a threat to their hegemony, the mage-warlords of Wathort raided Roke, and killed almost all the grown men of the island. But the Hand had already stretched out to other islands all around the Inmost Sea. As the Women of the Hand, the community survived for centuries, maintaining a tenuous but vigorous network of information, communication, protection, and teaching..beautifully styled, semitransparent, with .long, delicate arms. Without asking a thing, it passed..stand there, drained and blank, for a while. Then there would be another one, big, curious, shyly..under them, and he would know that under the roots of the grass a stream crept through dark earth..But put it away, sir! Famine is unknown and poverty seldom acute..He helped her stand. He made no spell to protect or hide them. His strength had been used up. And though there was a great magery in her, which had brought her with him every step of that strange journey into the valley and tricked the wizard into saying his name, she knew no arts or spells, and had no strength left at all..thundered; she fell flat on the ground..Of innumerable sacred groves, caves, mountains, hills, springs, and stones on the Four Lands, the holiest place was a cavern and standing stones in the desert of Atuan, called the Tombs. It was a center of pilgrimage from the earliest recorded times, and the kings of Atuan and later of Hupun maintained a hostel there for all who came to worship..file:///D:/Documents%20and%20Settings/harry/D...20%20LeGuin%20-%20Tales%20From%20Earthsea.txt (5 of 111) [2/5/2004 12:33:30 AM]. "What is the wood?" Dragonfly asked, fascinated, when she saw it, and when he answered with a laugh, "Rosemary," she laughed too..didn't..". "How could he not want to?". These legends are best preserved in Hur-at-Hur, the easternmost of the Kargad Lands, where dragons have degenerated into animals without high intelligence. Yet it is in Hur-at-Hur that people keep the most vivid conviction of the original kinship of human and dragon kind. And with these tales of ancient times come stories of recent days about dragons who take human form, humans who take dragon form, beings who are in fact both human and dragon..she kept thinking his hair was white, because it was not black..As mountains will, Andanden makes the weather. They sent him to Sans house, but San's wife screeched when she heard there was a stranger at the door, crying that if San let another witch-man in the door her baby would be born dead twice over. Her screaming could be heard for several houses up and down the street, and a crowd, that is, ten or eleven people, gathered between Sans house and the tavern..Roke lives on its great past, defended by a thousand spells against the present day. And inside.. "He wanted me to go to the College on Roke to study with the Master Summoner. He was going to send me there. I decided not to go..". "I don't even know what it means. Nais. . . girl, what's the matter with you?". "Yes," Irioth said. "I understand. You are a kind woman." She was talking about him, about his not knowing what he was doing. She was forgiving him. "A kind sister," he said. The words were so new to him,

words he had never said or thought before, that he thought he had spoken them in the True Speech, which he must not speak. But she only shrugged, with a frowning smile..You can know anything you like. I need have no secrets from you.
